

# EAL/D Australian Animals Word Search

## What to do:

- 1) Print a word search out for each student.
- 2) Your students have to first link the word to the image by drawing a line – if your students need a helping hand, this is the perfect opportunity for them to practice their dictionary skills!
- 3) To then solve the puzzle, your students have to find all of the words in the grid.

## Answers:

a	g	f	l	s	p	t	s	a	d	g	y	h	j	u
